METRO AREA OVERVIEW

With 1.5 Million people, Juarez is the largest city in Chihuahua, and the second largest on the US-Mexico border. Together with El Paso in Texas and Las Cruces in New Mexico, the city forms part of a binational region known as the Borderplex. Since the 1980's, Juarez's skilled workforce and logistics advantages for both rail and highway modalities have attracted a wide range of global manufacturers, assemblers and logistics companies. Juarez has more than 20 universities that offer undergraduate and advanced degrees.

INDUSTRIAL MARKET OVERVIEW

Foreign manufacturing and logistics operations represent the largest economic sector in Juarez, employing more than 300,000 workers. Currently the city hosts more than 600 industrial buildings situated in about 60 industrial parks and zones. In the past 24 months, 16 developers began construction in Juarez, rapidly increasing the industrial market size. Automotive, electronics and textiles are the top 3 largest sectors in the city. Currently, the biggest foreign employers in the city are Lear, Delphi, and Johnson and Johnson. Other large companies include Foxconn, Jabil Circuit, and Flextronics.

HISTORIC DEMAND AND NEW SPACE DELIVERED (SF)

MARKET ACTIVITY

Gross Absorption: A total of 520K SF was absorbed, consisting of:

- 280K SF of newly delivered and occupied space.
- 240K SF of existing space occupied.

Availability: Increased to 8.25M SF, due in part to:

- 1.3M SF of available space delivered.
- 217K SF of vacated space.

Given the high supply of space that's currently in the market, tenants have now gained some leverage

LEVEL 1 GLOSSARY

Market Size

The combined size, stated in square feet, of all the industrial buildings, distribution centers and warehouses that physically exist in the market for this quarter.

Availability

The combined size, stated in square feet, of all the industrial buildings, distribution centers and warehouses that physically exist and are currently available in the market for this quarter.

Vacancy

The percentage of all existing space currently available in relation to the total size of the market.

Gross Absorption

All physically existing space that was newly occupied by a tenant or buyer during the quarter; the sum of existing space leased (or acquired) and buildings that finished construction and are newly occupied by a tenant upon delivery (BTS and pre-leased Spec.).

Net Absorption

The resulting subtraction of all physically existing space newly occupied during the quarter minus the space that has become available during the period; Gross Absorption minus Vacated space and Delivered & Available Spec.

Avg. Lease Rate

The monthly lease rate per square foot that, on average, the owners of all available buildings are requesting.
