HISTORIC DEMAND AND NEW SPACE DELIVERED (SF)

MARKET ACTIVITY

Gross Absorption: No physically existing space was absorbed during the quarter.

Availability: A total of 168K SF, just like the previous quarter.

MARKET LEVERAGE

Given the low demand, tenants remain with more leverage in the market. However, with a new park being developed, the market could potentially attract more companies.

LEVEL 1 GLOSSARY

Market Size

The combined size, stated in square feet, of all the industrial buildings, distribution centers and warehouses that physically exist in the market for this quarter.

Availability

The combined size, stated in square feet, of all the industrial buildings, distribution centers and warehouses that physically exist and are currently available in the market for this quarter.

Vacancy

The percentage of all existing space currently available in relation to the total size of the market.

Gross Absorption

All physically existing space that was newly occupied by a tenant or buyer during the quarter; the sum of existing space leased (or acquired) and buildings that finished construction and are newly occupied by a tenant upon delivery (BTS and pre-leased Spec.).

Net Absorption

The resulting subtraction of all physically existing space newly occupied during the quarter minus the space that has become available during the period; Gross Absorption minus Vacated space and Delivered & Available Spec.

Avg. Lease Rate

The monthly lease rate per square foot that, on average, the owners of all available buildings are requesting.
