HISTORIC DEMAND AND NEW SPACE DELIVERED (SF)

MARKET ACTIVITY

Gross Absorption: A total of 777K SF was absorbed, consisting of:

- 390K SF of newly delivered and occupied space.
- 387K SF of existing space occupied.

Availability: Increased to 6.3M SF, due to:

- 702K SF of available space delivered.
- 423K SF of vacated space.

MARKET LEVERAGE

Given the current increase in the vacancy rate, leverage has shifted even more so towards tenants. Additionally, with the amount of speculative space being built, the decline in pre-leasing, and the tariff uncertainty, availability will most likely continue to increase.
